TECHNICAL SKILLS

Python | SQL | Microsoft Office Suite | Google Sheets | Data Validation | Compliance Auditing | Reporting & Documentation | System Troubleshooting

PROFESSIONAL EXPERIENCE

EMERGING STORE MANAGER | Walgreens April 2024 – Present

- Oversaw daily operations for a high-volume retail location, supervising 20+ staff members.
- Monitored KPIs, analyzed operational data, and implemented compliance-driven process improvements.
- Maintained and troubleshot POS, scheduling, labor budgets, and compliance systems, resolving system errors and ensuring accuracy.
- Trained and mentored team members on compliance standards, accountability, and secure system use.
- Stay current with emerging threats, vulnerabilities, and industry trends
- Collaborate with IT and business units to ensure security best practices are followed
- Streamlined inventory management processes by introducing data-driven tracking methods, reducing stock discrepancies and supporting sustained operational efficiency.
- Revamped inventory management procedures to minimize stock discrepancies and support optimized product availability across all departments.
- Implemented inventory control measures to minimize shrinkage and uphold accuracy in stock levels, collaborating with cross-functional teams to support seamless store operations.

SHIFT LEAD | Walgreens October 2021 – April 2024

- Supervised store operations, including system logins, safe/cash management, and compliance with federal/state laws.
- Ensured system accuracy in scheduling, inventory, and cash handling: investigated and resolved discrepancies.
- Supported management in audits, reporting, and technical troubleshooting.

SENIOR RESEARCH ANALYST | ASBR LLC December 2018 – Present

- Researched, validated, and sustained large datasets with 99% accuracy across thousands of records.
- Ensured compliance with confidentiality and data security standards.
- Produced structured reports and outputs for business and client use.
- Applied data search, analysis, and quality control skills to streamline reporting processes.
- Synthesized complex research findings into actionable insights by designing methodologies tailored to business objectives, significantly enhancing the quality and relevance of deliverables.

ADDITIONAL EXPERIENCE

VARIOUS ROLES | Food Service Industry June 2009 – October 2021

- 12 years of progressive experience in fast-paced customer service environments.
- Built strong teamwork, leadership, and problem-solving skills under high-pressure conditions.
- Preserved consistent performance and reliability, leading to internal promotions.
- Coordinated daily operations to ensure seamless food preparation, inventory management, and staff scheduling, supporting consistent service quality in a high-volume environment.
